**ARSARANA COMPANY PROFILE**

# ABOUT COMPANY

PT Arneva Akasa Terra Magna (ARSARANA) was established in 2020 to bring new perspectives and solutions for transportation sector improvement in Indonesia. ARSARANA is a subsidiary of ADHIKARI GROUP, a well known infrastructure consulting company, who has been heavily participating in Indonesia infrastructure sector development since 2012.

ARSARANA understands the vital role of transportation for a city and country social and economic development as well as environmental sustainability. Each city has a very unique characteristic and keeps evolving as urbanization goes on. Transportation as one of key components in urban fabric should be ever-changing, adaptive, and accommodating.

ARSARANA has a pool of talents consisted of young and dynamic experts who have extensive experience to deliver successful transportation infrastructure projects with engineering, management environment, technology, and policy excellent.
